

A simple checklist for auditing your school library

BookSpace

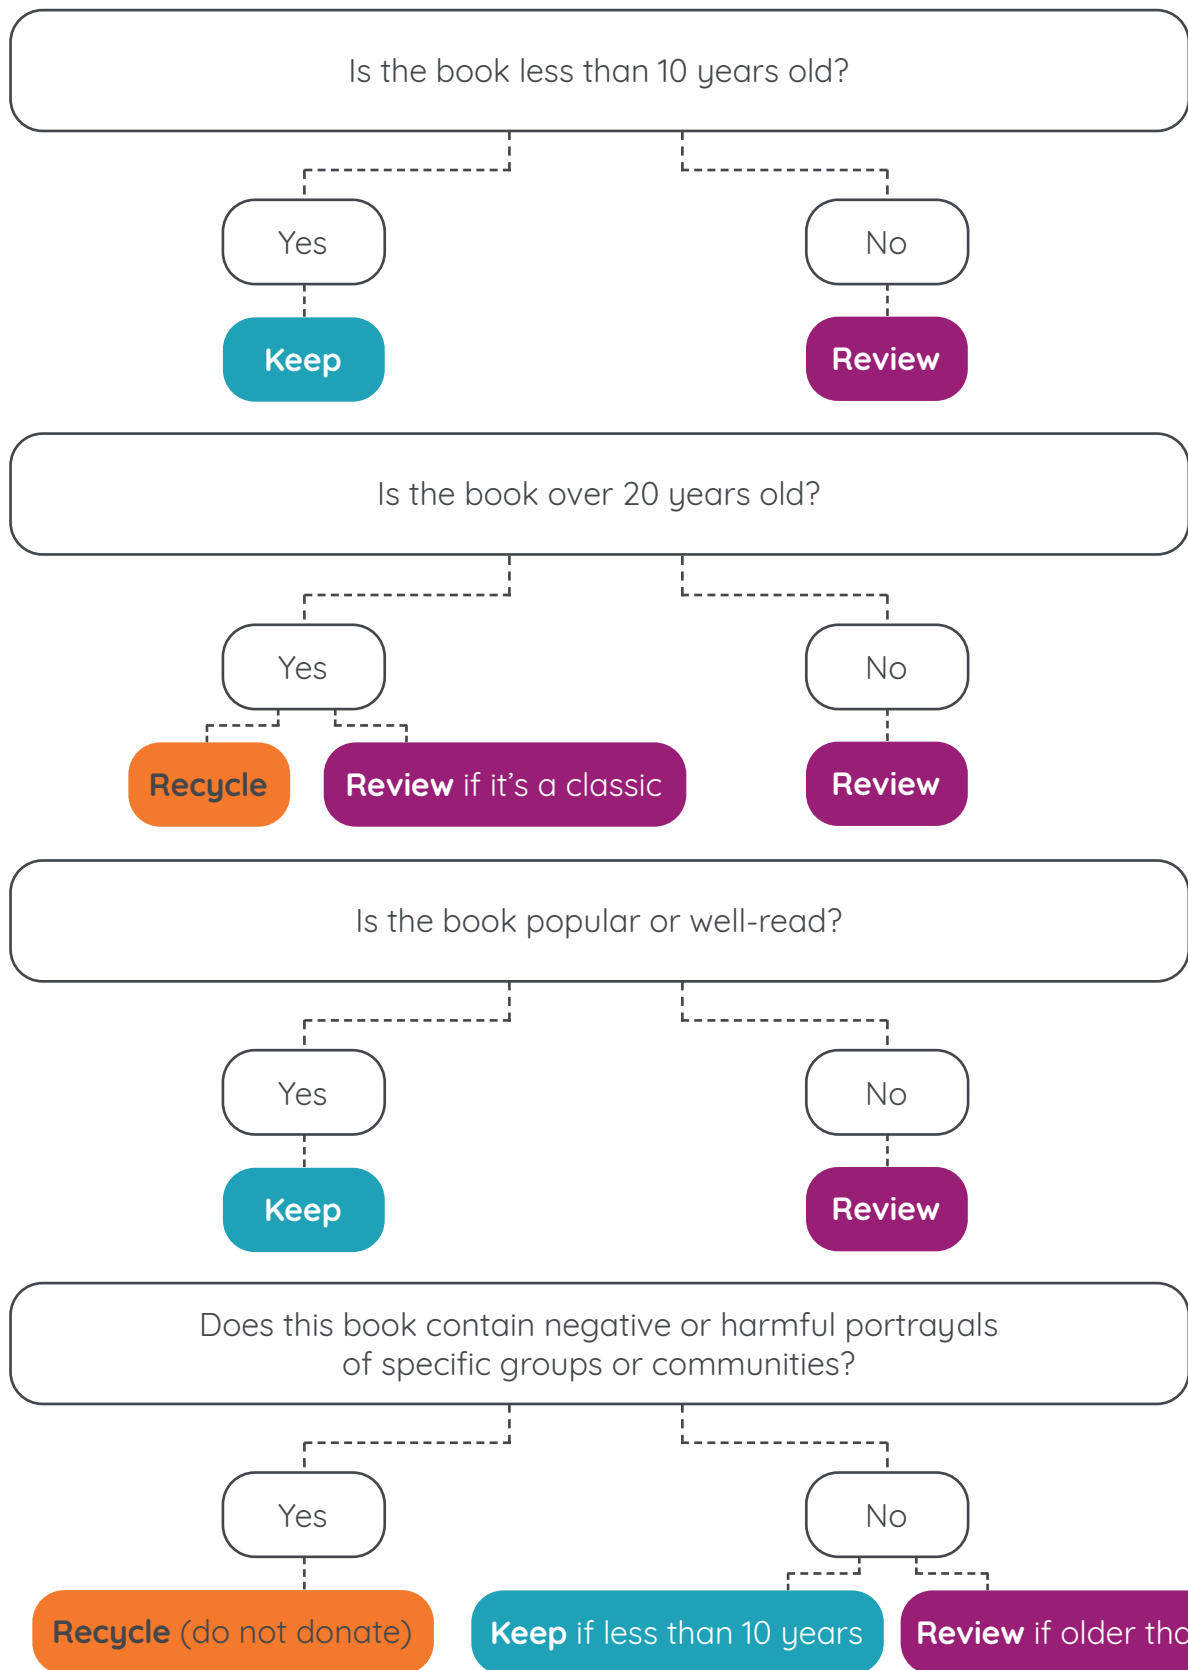

Getting started

A quick and easy way to sort through your books is to put them into 3 different piles:

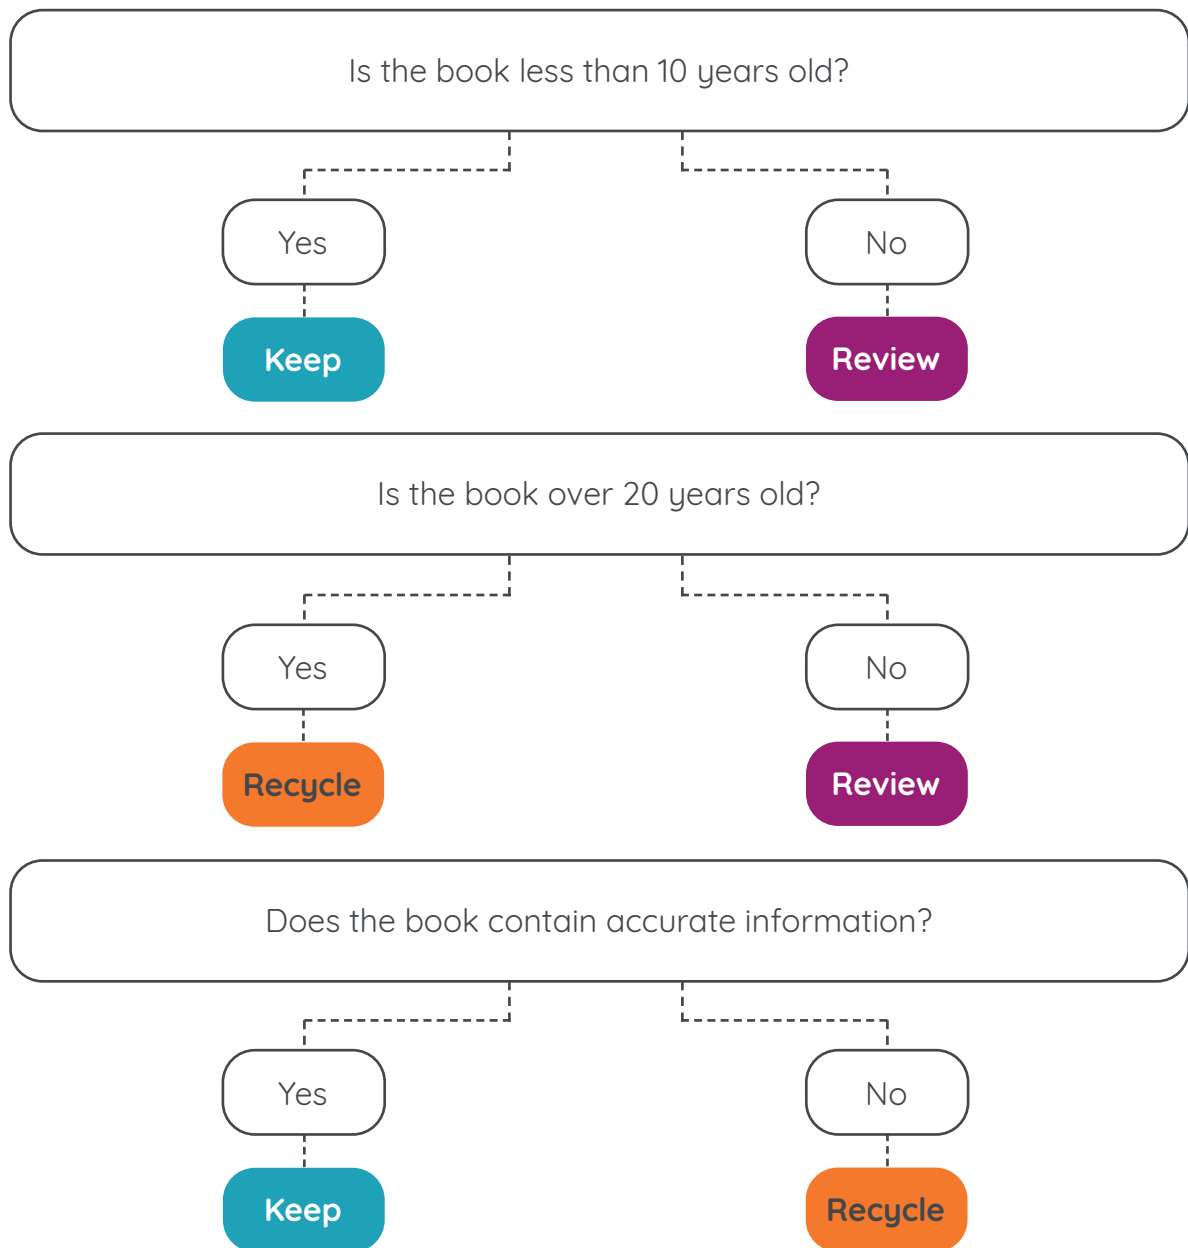

Checklist for fiction books

Consider each book with the following questions:

Checklist for non-fiction books

Consider each book with the following questions:

Library accessories

Freshening up your shelves is an inexpensive way to enhance your school library and keep books looking good. Here are some suggestions for on-shelf acrylics which are available to purchase in our [online shop](#).

A-Z Blocks

Sturdy, smart and durable - these shelf dividers are an ideal long-term solution for organising your collection whilst making it easy for you to find what you're looking for.

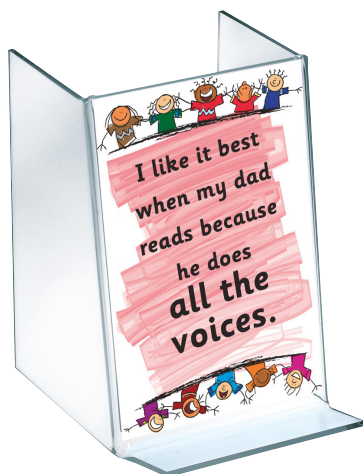

- Two sizes available
- Made from high-grade acrylic
- Supplied with a set of FREE graphic inserts

Zig-zags

Zig-zags offer a great combination of display and capacity, keeping books upright and making them easier for pupils to access.

- Available in 2 sizes depending on the size of the books
- Made from high-grade acrylic

Feature Fillers

Use Feature Fillers to break up rows of spines by highlighting a single title and keep shelves looking full and interesting at the same time.

- Available in 3 sizes depending on the size of the books
- Supplied with a set of FREE graphic inserts
